# FROM THE CEO

Greetings,

At Guide Dogs for the Blind (GDB), we have always adapted to thrive. Our ability to be nimble and innovative served us well in fiscal year 2021, in which we faced unprecedented challenges from COVID-19. With your continued support, we kept everyone safe by quickly adapting to a virtual environment to deepen connections with our constituents. When

shelter-in-place orders lifted, we incorporated special audio headsets into our training programs so instructors and clients could communicate more effectively while remaining socially distant.

Today, we continue to utilize virtual technology to give us a broader reach. For example, GDB veterinarians are providing telemedicine consultations and education for clients, and we've hosted virtual interactive campus tours to prospective clients throughout North America.

As we move forward, our plans are bold. We envision a world with greater inclusion, opportunities, and independence by:

- Training the world's premier guide dogs to serve more people
- Helping more clients achieve their full potential
- Introducing more youth who are blind or visually impaired to the guide dog lifestyle
- Serving as an innovative global leader in creating more inclusive communities

If fiscal year 2021 proves anything, this challenging period shows that we can accomplish great things with the commitment of our caring supporters. Because of you, our team is ready for the future. Together, we are unstoppable!

With gratitude,

A handwritten signature in black ink, appearing to read "Christine".

Volunteers cared for puppies and dogs in their homes when shelter-in-place orders halted client training and many of our dog operations. Volunteers also stepped forward when threatening wildfires prompted the evacuation of our Oregon campus.

Remote work quickly became the norm. Our Field Service Managers, as well as our Admissions and Support Center staff, assisted clients by utilizing technology in new, innovative ways. Our Outreach team developed and conducted online programs for youth; they also hosted virtual campus tours in real time and offered online seminars for people interested in the guide dog lifestyle.

# Adapting to thrive during COVID-19 and beyond

Puppy raising volunteers transitioned all club meetings to videoconference during shelter-in-place mandates, and GDB's Community Field Representatives supported them virtually at that time as well. Our Puppy Raising staff also created a new online training curriculum for puppy raising volunteers.

Campus volunteers made masks for staff and worked on a host of projects from home.

10-year-old Ella says she feels *“love, happiness, and safety”* when she’s around her K9 Buddy dog, *Lafferty*.

*“The bond between Ella and Lafferty has been a joy to behold. Last year at Girl Scout camp, Ella was shy and withdrawn. After she got Lafferty, her experience at camp was totally different. She was playing with kids she didn’t know and engaging with people a lot more.”*

—Christy, Ella’s mother

K9 Buddies are specially-selected dogs that are matched with children and young adults.

*“Having my guide dog has been very liberating! When I used a white cane, people avoided me. Now, people approach me. My whole world has changed.”*

—Eryn Stubblefield with *Latke*

*“This program has given me a new lease on life. I have learned more here in four days than I have learned in the last two and a half years of being totally blind.”*

—O&M Immersion Program client Eric Metzler

The Orientation and Mobility (O&M) Immersion Program teaches the guide dog readiness skills needed to become a successful guide dog handler.

## WHO WE ARE

At Guide Dogs for the Blind, we believe that everyone deserves to move through the world safely and confidently—to live the life they want to live.

Our passionate community employs innovative practices to create life-changing partnerships. And, we advocate for policy reforms that change how the world views blindness and disability.

Because when everyone is empowered to participate, our communities are stronger.
